ROSMOX AI

BUSINESS SOLUTIONS

WEBSITES · BILLING · EMAIL · AUTOMATION

Technology that works *as hard as you do.*

ROSMOX AI helps growing businesses get online, organise daily work and stay connected with customers, without needing an IT team.

ABOUT ROSMOX AI

Your technology partner, *from day one.*

Business owners shouldn't have to become tech experts to grow. We listen to how you work, then build and look after the digital tools that make it easier, from your first website to the systems that run your day.

01

We listen first

Every solution starts with how your business actually runs, not with a ready-made package.

02

We speak business

Clear options, plain language and decisions you understand before anything is built.

03

We stay on

Training, changes and support after launch, so the tools keep working as you grow.

> *We don't sell technology for its own sake. We fix the everyday problems that slow a business down.*

OUR SOLUTIONS

Get found. Get organised. *Look professional.*

01

Business websites

For any business that wants more customers to find it, trust it and reach out.

- Custom design for your brand
- Fast and mobile-friendly
- Google Search & Maps setup
- WhatsApp, call & enquiry buttons
- Portfolio, gallery & catalogue
- Admin panel to update content
- Domain & secure hosting
- Local SEO for your city

What changes: customers find you online, see your work and contact you directly.

02

Billing & management systems

For shops, pharmacies, distributors and any business that sells products every day.

- Fast GST-ready billing
- Product & price management
- Live stock and low-stock alerts
- Cash, UPI & card payments
- Customer & credit records
- Owner and staff logins
- Daily sales & profit reports
- Bills sent on WhatsApp & email

What changes: faster counters, fewer mistakes, and clear numbers at the end of every day.

03

Business email & Google Workspace

For teams that want to look established and work together from anywhere.

- name@yourbusiness.com emails
- Gmail, Calendar, Meet & Drive
- Shared team folders
- Old emails & contacts moved
- Phone & laptop setup
- 2-step login & spam protection

What changes: every email carries your brand, and your files and contacts belong to the business.

OUR SOLUTIONS

Stay connected. *Go further.*

04

WhatsApp & email automation

For businesses that talk to many customers and can't afford to miss a message.

- Instant replies to enquiries
- Payment & appointment reminders
- Daily summary for the owner
- Bills & order confirmations
- New-lead alerts for your team
- Offers to opted-in customers

What changes: customers hear back in seconds, and your team spends less time typing the same messages.

05

Custom apps & AI assistants

For businesses ready to go further, when off-the-shelf tools don't fit.

- Mobile apps for customers or staff
- AI assistants for common questions
- Booking & order systems
- Connecting the tools you already use

BETTER TOGETHER

One connected system, not five separate tools.

Website Customer finds you → **Enquiry** Saved & answered → **WhatsApp** Order confirmed → **Billing** Bill & stock updated → **Reports** You see the day

SOLUTIONS BY INDUSTRY

What we'd build *for a business like yours.*

Every business is different, but these are the combinations we usually recommend as a starting point.

BUSINESS	TYPICAL STARTING POINT	RESULTS TO AIM FOR
Retail shops & supermarkets	• Billing & stock system • WhatsApp bills & reminders • Product catalogue website	Faster checkout, no surprise stock-outs, repeat customers
Pharmacies & clinics	• Professional website • Google Workspace email • Order & refill updates	Easy to find, trusted brand, organised team communication
Construction & real estate	• Website with projects & packages • Lead capture by city • Admin panel for updates	More site-visit enquiries, prices and projects always current
Weddings, events & photography	• Brand website with galleries • Packages & enquiry by date • Booking confirmations	A brand that matches your work, better-qualified enquiries
Wholesale & distribution	• Inventory & billing • Credit tracking • Order updates on WhatsApp	Clear stock and dues, fewer follow-up calls

Don't see your business here?

The same building blocks fit almost any business: clinics, schools, salons, manufacturers, agencies and more. Tell us how you work and we'll suggest where to start.

HOW WE WORK WITH YOU

Simple steps. *No surprises.*

01

Talk

A conversation about your business, your customers and what's slowing you down.

02

Plan

A clear proposal: what we'll build, how long it takes and what it costs.

03

Build

We build in stages, show you progress, and refine with your feedback.

04

Launch & support

We go live, train your team and stay on hand as you grow.

WHY ROSMOX AI

One team for everything

Website, billing, email and WhatsApp from one partner, all working together.

Built around you

Shaped to your business, your customers and your way of working.

Yours to keep

Domains, accounts and data are set up in your business's name.

BEFORE OUR FIRST CALL

- [ ] Your business name and domain, if you have one
- [ ] Your logo and a few photos of your work
- [ ] How customers find and contact you today
- [ ] The task that takes up most of your week

LET'S TALK

Tell us about your business. *We'll take it from there.*

A short conversation is all it takes to find out where technology can save you time and bring in more customers.
