ROSMOX AI

WEBSITES FOR BUSINESS

WEBSITES · GOOGLE · ENQUIRIES

Be the first name *customers find.*

Professional websites that build trust, show up on Google and turn visitors into calls, WhatsApp chats and walk-ins.

WHY IT MATTERS

Your website is your *best salesperson.*

Before people call, visit or book, they search. A good website answers their questions, shows your work and makes it easy to reach you, at any hour of the day.

Get found

Show up when people nearby search for what you offer.

Earn trust

A professional look, real photos and clear information.

Get enquiries

Call, WhatsApp and enquiry buttons on every page.

Stay current

Update prices, photos and offers yourself, in minutes.

WHAT'S INCLUDED

Custom design

Designed around your brand and your customers. No generic templates.

Mobile-first

Looks sharp and loads fast on phones, where most of your visitors are.

Google & local SEO

Set up for Google Search and Maps, including your Google Business Profile.

Enquiries on WhatsApp

Forms and chat buttons that send leads straight to your phone and inbox.

Easy admin panel

Change text, photos, prices and projects yourself. No developer needed.

Domain, hosting & email

We handle your domain, secure hosting and professional business email.

It's yours

Your domain, your content and your customer enquiries stay in your name.

No tech skills needed

We handle the technical side. You focus on running the business.

We stay with you

Need a new page, offer or photo gallery later? We're a message away.

MADE FOR YOUR INDUSTRY

Every business sells *differently.*

We work with shops, pharmacies, builders and wedding planners. Here's what we focus on for each.

Retail & shops

Bring people from their phone to your counter.

- Product catalogue with prices
- Offers and new arrivals
- Order or reserve on WhatsApp
- Store timings, map and directions

01

Pharmacies & healthcare

Make it easy to find you and ask for what they need.

- Store locations and opening hours
- Medicine and prescription enquiries
- Home delivery requests
- Business email for your team

02

Construction & real estate

Show your track record and win the site visit.

- Project portfolio with photos
- Packages and price comparison
- Material or hardware catalogue
- Enquiries routed by city

03

Weddings & events

Help couples and hosts picture their day with you.

- Photo and video galleries
- Services and package tiers
- Client stories
- Enquiries by event type and date

04

Also a great fit for

Clinics · Schools & coaching · Restaurants & cafés · Salons & spas · Photographers · Manufacturers · Professional services

QUICK CHECK

Is your website working for you?

- [ ] Does it open fast and look right on a phone?
- [ ] Can customers reach you in one tap?
- [ ] Do you appear when people search nearby?
- [ ] Can you update prices and photos yourself?

If any answer is "no", we can help.

HOW WE WORK WITH YOU

From idea to *live website.*

01

Plan

We understand your business, customers and goals, and agree the pages and features.

02

Design

You review the look and feel before any building starts.

03

Build

We build, add your content and test on phones and computers.

04

Launch & grow

We go live, set up Google, and support you as your business grows.

WHAT YOU GET AT LAUNCH

- A live website on your own domain
- Google Business Profile and Search setup
- Admin login to update your content
- A short training session for your team
- Secure hosting with SSL (https)
- WhatsApp, call and enquiry buttons
- Professional email on your domain
- Ongoing support when you need changes

LET'S TALK

Let's put your business *on the map.*

Share what you do and who your customers are. We'll suggest the right website for you, with a clear plan and timeline.
