ROSMOX AI

BUSINESS EMAIL & AUTOMATION

GOOGLE WORKSPACE · WHATSAPP · EMAIL

Look professional. *Work connected.*

Business email on your own domain, a shared workspace for your team, and automatic WhatsApp and email updates for your customers.

PROFESSIONAL BUSINESS EMAIL

First impressions start in the *inbox.*

Customers, suppliers and banks take you more seriously when your email carries your business name. We set up Google Workspace for your whole team, end to end.

BEFORE

~~yourshop2019@gmail.com~~

Looks personal, easy to fake, and leaves with whoever set it up.

AFTER

orders@yourbusiness.com

Trusted, on-brand, and owned by the business, with one address for every person and team.

WHAT YOUR TEAM GETS

Gmail | Calendar | Meet | Drive | Docs | Sheets

What we take care of

- Domain purchase or connection
- Google Workspace setup and billing guidance
- Email addresses for every person and team
- Moving your old emails and contacts
- Email setup on phones and laptops
- Shared drives and calendars for teams
- Security: 2-step login and spam protection
- Adding or removing staff as you grow

Already on Gmail?

No problem. We move your existing emails and contacts across, so nothing gets left behind.

Good to know

Google Workspace is a monthly subscription paid to Google per user. We help you pick the right plan.

WHATSAPP & EMAIL AUTOMATION

The messages send *themselves.*

We connect your website, billing or booking system to WhatsApp and email, so customers get instant replies and your team never misses a lead.

HOW AN ENQUIRY FLOWS

STEP 1
Customer asks
From your website, WhatsApp or a Google ad.

→

STEP 2
Instant reply
They get a friendly WhatsApp and email reply.

→

STEP 3
Team alerted
The right person is notified with all the details.

→

STEP 4
Nothing lost
Every lead is saved in one place to follow up.
